

FOOTHILLS CRAFT GUILD, INC. SHOW STATISTICS FOR THE YEARS 1995 - 2007

The above chart was taken from Dales records.

-Sales have shown an increase from 2000-2007, but if you take inflation into account we were doing much better in nineties.

-Sales from flat booths have shown an increase but commission booths are about the same.

-It appears that we have not increased our Gate in 12 years.

-Most likely we are getting the same people year after year.
